This application in no way guarantees water service until Authority approves of said service and all applicable fees are paid.

Signature_____, Date _____

Note: - Each service requires inspection of the water lines as well as the tapping procedure. Please be sure to call the Authority office at 610-273-7830 in advance to schedule the inspection. A minimum of 24 hours notice is required to schedule the inspection. Failure to have the inspection done could result in additional excavation to allow for the inspection, not at the authorities expense.
